**Nagaon Education Society's
Gangamai College of Pharmacy (M. Pharm), Nagaon**

Financial Year 2016-17

We have audited the attached Balance Sheet of **Nagaon Education Society's Gangamai College of Pharmacy (M. Pharm), Nagaon** as at 31st March 2017 and also the Income & Expenditure Account for the year ended on that date. These financial statements are the responsibility of the management & respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the trust & their units.

We have obtained all information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly compiled from the Books of Accounts produced, information supplied and vouchers shown to us subject to the following observations :-

1. Financial statements are prepared under Historical Cost Convention in accordance with generally accepted accounting principles.
2. **Furniture & Fixtures :-**
 - It is necessary to maintain register for movable assets. These registers are to be verified and signatures of the verification should be obtained from prescribed authority. Moreover it is necessary to take stock of all movable assets. No. should be given to each and every item. Any discrepancy with the register should be accounted for after passing necessary resolutions for scrapped, damaged, destroyed, lost, etc. items.
 - Before purchasing any assets quotation, tender, etc. should be obtained. Assets should be purchased after scrutiny of quotations and other documents. This system is not followed by the unit. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. Payment should be made by crossed account payee cheque only.
3. **Income & Expenditure Account :** While checking expenditure vouchers following discrepancies were noticed :-
 - a) Vouchers should be numbered serially.
 - b) Details of expenditure should be written on vouchers.
 - c) Expenditure should be approved by head of the institution and afterwards by management.

4. Profession Tax, T D S, if any should be deducted as per norms
5. **Fees Receipts Register** : Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, receive during the year and arrears at the end of year should be produced for verification.
6. As the Audit of Nagaon Education Society is yet to be conducted as such the internal transactions between trust and other units has not been verified.
7. **Registers** : Unit has not maintained Furniture & Fixture Register such registers should be maintained and kept up to date.
8. It is suggested to open a bank account and route all transactions through bank account only.
9. Depreciation has been provided as per guidelines issued by Fees Regulating Authority, Maharashtra State, Mumbai in F. Y. 2016-17.
10. It was observed that unit has not deducted TDS as per norms in respect of some expenditure. Responsibility should be fixed to one person for this and payment of expenses should not be made without deduction of tax at source.
11. Appropriate resolutions must be passed for each type of financial transactions no transactions shall take place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision. While approving financial figures the statement should be certified by an appropriate authority and should be kept as a meeting record along with the minute books and the agenda book.

Audit Reporting

Financial Year 31.03.2020. Ended

we have audited the attached balance sheet of **Nagaon Education Society's Gangamai College of M. Pharmacy, Nagaon Tal. & Dist. Dhule** as at **March 2020** and also the income and expenditure account for the ended on that date. These financial statements are the responsibility of the management and respect units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon the arithmetic accuracy of the books of account maintained by the trust and their units.

We have obtained information and explanation, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly compiled from the books of accounts produced, information supplied and vouchers shown subject to the following observations:-

1. Financial statements are prepared under Historical cost convention in accordance with generally accepted accounting principles.

2. **Income & Expenditure Account** :-

While checking expenditure vouchers following discrepancies were noticed:-

- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not available for our verification we have believed on information and explanation given by management of the trust.
 - b) Vouchers should be numbered serially.
 - c) Details of expenditure should be written on vouchers.
 - d) Signature of recipients should be obtained on all vouchers at the time of payment.
 - e) Expenditure should be approved by head of the institution and afterwards by management.
 - f) TDS should be deducted wherever applicable as per Income Tax Act, 1961.
3. **Fees Receipts Register** : Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further state showing the number of paying student various fees, fees receivable from them, received during the year and arrears at the end of year should be kept at record.
4. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action.

5. As the Audit of nagaon Edcation Society is yet to be conducted as such the internal trasctions between it could not be verified.

6. Registers : Unit has not maintained Funitured & Fixture Register, investment Register, Scholarship Register, etc. all these registers houl maintained and kept up to date.

7. The bank accounts appearing in the various statements are presumed to be the only bank accounts of the unit absence of specific certifi tion on behalf of unit.

8. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.

9. Appropriate resolutions must be passed for each type f financial transactions no transactions shall take place without passing resolution well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and conclude decision While approving finacial figures the statement should be certified by an appropriate authority and should be kept as meeting rec along with the minute books and the agenda book.

Audit Reporting

Financial Year 31.03.2021. Ended

We have audited the attached balance sheet of **Nagaon Education Society's Gangamai College of M. Pharmacy, Nagaon Tal. & Dist. Dhule as at 31st March 2021** and also the income and expenditure account for the ended on that date. These financial statements are the responsibility of the management and respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the trust and their units.

We have obtained information and explanation, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly compiled from the books of accounts produced, information supplied and vouchers shown to us subject to the following observations:-

1. Financial statements are prepared under Historical cost convention in accordance with generally accepted accounting principles.

2. Income & Expenditure Account :-

While checking expenditure vouchers following discrepancies were noticed:-

- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not available for our verification we have believed on information and explanation given by management of the trust.
 - b) Vouchers should be numbered serially.
 - c) Details of expenditure should be written on vouchers.
 - d) Signature of recipients should be obtained on all vouchers at the time of payment.
 - e) Expenditure should be approved by head of the institution and afterwards by management.
 - f) TDS should be deducted wherever applicable as per Income Tax Act, 1961.
- 3. Fees Receipts Register :** Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, received during the year and arrears at the end of year should be kept at record.
- 4. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action.**

5. As the Audit of nagaon Education Society is yet to be conducted as such the internal transactions between it could not be verified.
6. Registers : Unit has not maintained Fumitured & Fixture Register & Other etc. all these registers should be maintained and kept up to date.
7. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.
8. Appropriate resolutions must be passed for each type of financial transactions no transactions shall take place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision While approving financial figures the statement should be certified by an appropriate authority and should be kept as meeting record along with the minute books and the agenda book.

**Nagaon Education Society's
Gangamai College of Pharmacy (B. Pharm), Nagaon**

Financial Year 2017-18

We have audited the attached Balance Sheet of Nagaon Education Society's Gangamai College of Pharmacy (B. Pharm), Nagaon as at 31st March 2018 and also the Income & Expenditure Account for the year ended on that date. These financial statements are the responsibility of the management & respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the trust & their units.

We have obtained all information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly compiled from the Books of Accounts produced, information supplied and vouchers shown to us subject to the following observations :-

1. Financial statements are prepared under Historical Cost Convention in accordance with generally accepted accounting principles. It was observed in case of some expenses and asset purchases were recorded on payment basis instead of date of bill. It is recommended to record transaction on the date of purchase.
2. Liabilities :- It is necessary to scrutinize the various items which are appearing in list "A". It could not be known that why these liabilities are pending in spite they are payable. Scholarship fees are also payable to great extent. It should be verified why this figure is payable since long time. It should be paid as soon as it receives. List of students should be prepared to whom this is payable and pay immediately to those students. A specific responsibility is fixed on head of the institution to clear of the dues under the guidance of management and the same should bring to nil level. If after scrutiny it is noted that it's not a third party liability which is to be paid then the same should be transferred to other income account after passing necessary resolution. All heads are to be instructed no liability shall exist in their respective books of accounts at the end of the year.
3. Furniture & Fixtures (List "B") :-

- It is necessary to maintain register for movable assets. These registers are to be verified and signatures of the verification should be obtained from prescribed authority. Moreover it is necessary to take stock of all movable assets. No. should be given to each and every item. Any discrepancy with the register should be accounted for after passing necessary resolutions for scrapped, damaged, destroyed, lost, etc. items.
 - Before purchasing any assets quotation, tender, etc. should be obtained. Assets should be purchased after scrutiny of quotations and other documents. This system is not followed by the unit. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. Payment should be made by crossed account payee cheque only.
4. **Investments :-** Surprisingly it was observed that unit has not maintained any investment register even after mentioned in previous audit reports. Further interest on investment is not provided in books as per accrual system of accounting. Investment receipts are not produced before us for verification. As such we can not give any assurance regarding investment figure shown in Balance sheet. It is recommended to obtain investment certificate from bank/financial institution and verify its figure with books of account and necessary entries should be passed for difference(s) if any.
 5. **Advances (List "C") :-** On verification of list of advances it is noticed that the amounts are outstanding from long time. The details and nature of that advance could not be traced because of the same. It is necessary to find out its nature. The amount must be recovered if the same is recoverable from respective persons. This is not done by the unit from a long time. This practice has not followed even after mentioning in previous audit reports. Moreover corresponding confirmation is also not on record. The confirmation receipts of advances should be kept on record and the same should be tallied with the figures appearing in the balance sheet. This work is to be assigned to the Head of institution immediately by giving maximum one month's time for its explanation.
 6. **Depreciation :-** Rate of Depreciation has been changed in current financial year. As reported these rates are revised as per guidelines issued by Fees Regulating Authority, Maharashtra State, Mumbai.
 7. **Bank Accounts :-** It is recommended to update bank passbook or statement regularly and make reconciliation statement (if any) on monthly basis. It is suggested that bank account must be operated by two persons by giving authority to three persons of whom one signatory must be common. The trust must follow this particular practice to establish the transparency in the transactions.
 8. **Printing & Stationery & Consumable :-** Stationery and consumable purchased at trust as well as unit level was shown as fully utilised. Though such purchases took place occasionally the separate register should be maintained & either the stock should be ascertained or full consumption should be proved. But no such record available with the trust as well as unit.
 9. **Income & Expenditure Account :** While checking expenditure vouchers following discrepancies were noticed :-

- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not available for our verification we have believed on information and explanation given by employee of the unit management of the trust. Further Diesel, travelling, committee expenses, etc. are not having satisfactory supporting as such we can not give any assurance for these expenses. Further unit has incurred some expenses in cash even in case of expenses exceeding Rs. 10000/- which is not allowable as per Income Tax Act, 1961.
 - b) Vouchers should be numbered serially.
 - c) Details of expenditure should be written on vouchers.
 - d) Signature of recipients should be obtained on all vouchers at the time of payment.
 - e) Expenditure should be approved by head of the institution and afterwards by management.
 - f) TDS should be deducted wherever applicable as per Income Tax Act, 1961. On our test verification it is observed that TDS on advocate fees, audit fees, etc. was not deducted. Further TDS on salary was not deducted on accrual basis.
10. **Fees Receipts Register:** Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, receive during the year and arrears at the end of year should be produced for verification.
11. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action. Further responsibility should be fixed for any type of late fees or fine and the same should be recovered from respective employee wherever levied on unit.
12. As the Audit of Nagaon Education Society is yet to be conducted as such the internal transactions between it could not be verified.
13. Unit has not filed their TDS returns strictly as per norms prescribed under Income Tax Act, 1961.
14. **Registers:** Unit has not updated Furniture & Fixture Register, Investment Register, Scholarship Register, etc. all these registers should be maintained and kept up to date.
15. The bank accounts appearing in the various statements are presumed to be the only bank accounts of the unit in absence of specific certification on behalf of unit.
16. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.
17. No confirmation/statement/balance certificate of Provident Fund investment is produced before us for verification. As such we can not give any assurance regarding P F investment shown in Balance sheet. We could not verify the Provident Fund applicability. The unit must obtain certification

from the office of Provident Fund indicating that all required employees number has been taken. Moreover passbook statement of Provident Fund account of every employee must be on record which is absent with the unit. No assurance in the matter can be given. Management must look into it immediately. Further it was observed that Profession Tax, P. F., etc. were not deducted in case of contract basis employees. These provisions should be strictly followed.

18. Appropriate resolutions must be passed for each type of financial transactions no transactions shall take place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision. While approving financial figures the statement should be certified by an appropriate authority and should be kept as a meeting record along with the minute books and the agenda book.

**Nagaon Education Society's
Gangamai College of Pharmacy (B. Pharm), Nagaon**

Financial Year 2018-19

We have audited the attached Balance Sheet of **Nagaon Education Society's Gangamai College of Pharmacy (B. Pharm), Nagaon** as at 31st March 2019 and also the Income & Expenditure Account for the year ended on that date. These financial statements are the responsibility of the management & respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the unit.

We have obtained all information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly compiled from the Books of Accounts produced, information supplied and vouchers shown to us subject to the following observations :-

1. Financial statements are prepared under Historical Cost Convention in accordance with generally accepted accounting principles.
2. **Liabilities** :- It is necessary to scrutinize the various items which are appearing in list "A". It could not be known that why these liabilities are pending in spite they are payable. Scholarship fees are also payable to great extent. It should be verified why this figure is payable since long time. It should be paid as soon as it receives. List of students should be prepared to whom this is payable and pay immediately to those students. A specific responsibility is fixed on head of the institution to clear of the dues under the guidance of management and the same should bring to nil level. If after scrutiny it is noted that it's not a third party liability which is to be paid then the same should be transferred to other income account after passing necessary resolution. All heads are to be instructed no liability shall exist in their respective books of accounts at the end of the year.
3. **Furniture & Fixtures (List "B")** :-
 - It is necessary to maintain register for movable assets. These registers are to be verified and signatures of the verification should be obtained from prescribed authority. Moreover it is necessary to take stock of all movable assets. No. should be given to each and every

item. Any discrepancy with the register should be accounted for after passing necessary resolutions for scrapped, damaged, destroyed, lost, etc. items.

➤ Before purchasing any assets quotation, tender, etc. should be obtained. Assets should be purchased after scrutiny of quotations and other documents. This system is not followed by the unit. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. Payment should be made by crossed account payee cheque only.

4. **Investments** :- Surprisingly it was observed that unit has not maintained any investment register even after mentioned in previous audit reports. Further interest on investment is not provided in books as per accrual system of accounting. Investment receipts are not produced before us for verification. As such we can not give any assurance regarding investment figure shown in Balance sheet. It is recommended to obtain investment certificate from bank/financial institution and verify its figure with books of account and necessary entries should be passed for difference(s) if any.

5. **Advances (List "C")** :- On verification of list of advances it is noticed that the amounts are outstanding from long time. The details and nature of that advance could not be traced because of the same. It is necessary to find out its nature. The amount must be recovered if the same is recoverable from respective persons. This is not done by the unit from a long time. This practice has not followed even after mentioning in previous audit reports. Moreover corresponding confirmation is also not on record. The confirmation receipts of advances should be kept on record and the same should be tallied with the figures appearing in the balance sheet. This work is to be assigned to the Head of institution immediately by giving maximum one month's time for its explanation.

6. **Depreciation** :- Rate of Depreciation has been changed in current financial year. As reported these rates are revised as per guidelines issued by Fees Regulating Authority, Maharashtra State, Mumbai.

7. **Bank Accounts** :- It is recommended to update bank passbook or statement regularly and make reconciliation statement (if any) on monthly basis. It is suggested that bank account must be operated by two persons by giving authority to three persons of whom one signatory must be common. The trust must follow this particular practice to establish the transparency in the transactions.

8. **Printing & Stationery & Consumable** :- Stationery and consumable purchased at trust as well as unit level was shown as fully utilised. Though such purchases took place occasionally the separate register should be maintained & either the stock should be ascertained or full consumption should be proved. But no such record available with the trust as well as unit.

9. **Income & Expenditure Account** : While checking expenditure vouchers following discrepancies were noticed :-

- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not available for our verification we have believed on information and explanation given by employee of the unit management of the trust. Further Building repairs, travelling, Advocate Fees, are not having satisfactory supporting as such we can not give any assurance for these expenses.
 - b) Vouchers should be numbered serially.
 - c) Details of expenditure should be written on vouchers.
 - d) Signature of recipients should be obtained on all vouchers at the time of payment.
 - e) Expenditure should be approved by head of the institution and afterwards by management.
 - f) TDS should be deducted wherever applicable as per Income Tax Act, 1961. On our test verification it is observed that TDS on advocate fees, audit fees, etc. was not deducted. Further TDS on salary was not deducted on accrual basis.
10. **Fees Receipts Register:** Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, receive during the year and arrears at the end of year should be produced for verification.
11. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action. Further responsibility should be fixed for any type of late fees or fine and the same should be recovered wherever levied on unit. It was observed that profession tax was not deducted strictly as per norms in some cases.
12. As the Audit of Nagaon Education Society is yet to be conducted as such the internal transactions between it could not be verified.
13. **Registers:** Unit has not updated Furniture & Fixture Register, Investment Register, Scholarship Register, etc. all these registers should be maintained and kept up to date.
14. The bank accounts appearing in the various statements are presumed to be the only bank accounts of the unit in absence of specific certification on behalf of unit.

15. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.

16. No confirmation/statement/balance certificate of Provident Fund investment is produced before us for verification. As such we can not give any assurance regarding P F investment shown in Balance sheet. We could not verify the Provident Fund applicability. The unit must obtain certification from the office of Provident Fund indicating that all required employees number has been taken. Moreover passbook statement of Provident Fund account of every employee must be on record which is absent with the unit. No assurance in the matter can be given. Management must look into

it immediately. Further it was observed that Profession Tax, P. F., etc. were not deducted in case of contract basis employees. These provisions should be strictly followed.

17. Appropriate resolutions must be passed for each type of financial transactions no transactions shall take-place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision. While approving financial figures the statement should be certified by an appropriate authority and should be kept as a meeting record along with the minute books and the agenda book.
